

OYSTERFEST 2012

Oysterfest 2012 has this year been a major success with over 5000 people attending the festival. Although the wild weather looked to possibly cause havoc, it continued on without a hitch. In fact the festival this year was one of the most smoothly run and operated Oysterfests. The live entertainment was buzzing and created a fantastic atmosphere. Fast Ed proved to be a big hit and it was great to see him get into the spirit of the festival by watching the provided Big Screen television in his Sydney Swans colours.

Of course there were bounties of seafood, a range of family fun competitions to get involved in and of course Oysterfest veteran Chris Sperou taking to the skies in his biplane.

There was real magic in the air when the festival finished up with comedian magician Phil Cass took to the stage before the amazing fireworks appropriately concluded the amazing weekend.

Oysterfest relies heavily on the support of local volunteers and sponsors who help put together this

fantastic event. We'd like to thank all those who helped out this year, including our Ambassadors, Jenni Chandler (\$24077.06), Andrew Parkyn (\$7276.36) & Janomie Sauders (\$10780.54) for their money-raising contribution.

Council greatly appreciated the dedication of the Council Work Staff who once again worked tirelessly to set up for the event.

We Wish to Thank all of our Sponsors Including:

Ceduna Foreshore Hotel, ANZ, Iluka, SA Tourism, Regional Express, CAAMA Radio, McEvoy's Transport, CBTA, Shelly Beach, Calypso Star, Foodland, Highway One, MGA, Kemp, Bank SA, Betta Home Living, Bills Pizza and Pasta, CEG, Home Timber and Hardware, Coca-Cola, Chemplus, Ceduna Steel Fabrications, Far West Oysterzone, Ceduna Homescene, Lincoln Estate, Complete Personnel, Bills Chicken and Seafood, IGA Thevenard, Beck Motors, Phil Stevens and Associates, Chinta Air, Ceduna Sports Power, Ceduna Food and Milk Distributors, Member for Flinders – Peter Treloar, Wilkinson Plumbing Services, Seidls, Laura Cove Investments, Cindy Durant, Mooka Oysters, Heli Tours, Chris Sperou and Port Lincoln Hotel.

Photos supplied by: Carol Suter

From the CEO's Desk

Having left Ceduna as its Chief Executive Officer in December 1988, (Council then known as Murat Bay District Council) and now returning as Acting Chief Executive Officer, I am often asked, "what has changed?".

Certainly, much has changed. Whilst change is not good, just for the sake of change, there is an old saying, 'If you always do what you have always done, then you will always get what you have always got!'

I am really impressed with what I have seen and experienced.

The streetscape and landscape improvements in Ceduna, Thevenard, Smoky Bay and Denial Bay make them a picture of pride.

Council's new Wastewater Treatment Plant has really been showcased to many visiting Councils, and to a SA Parliamentary Committee on Water Resources. To say that our visitors were pleasantly surprised at this 'cutting edge' technology and the benefits to sporting organisations and the community would be an understatement.

Smoky Bay Aquaculture Park is a classic example of industry and Local Government working together to achieve an agreed outcome. It stands today as testimony to such thinking. Despite the fact that my new home is in Mount Gambier, it always brings a sense of pride when I see Smoky Bay & Denial Bay oysters shown on menus in many restaurants in Australia.

The old Ceduna Foreshore Hotel Motel is obviously no longer. What an icon the new building is! The Hon Martin Ferguson, Federal Minister for Tourism said it all on 8th September when he officially opened 15 new rooms at the Hotel Motel. He stated, "The Ceduna Foreshore Hotel Motel is an example of the quality tourism product that the Federal Government desires in Australia." He put the facility on a pedestal in national terms!

Regarding special events, what a 'ripper' of an initiative is Oysterfest – and it was developed locally also!

A significant change I have witnessed is, community harmony. Anti-social behaviour, on a constant basis, was the norm in the 80's. The current

situation is greatly improved. The existence of the K9 Unit contributes to this improvement, and of course many other important stakeholders such as Federal and State Government departments and agencies, SA Police and the Ceduna Aboriginal Corporation play a very important role in enhancing community harmony.

The challenge for our area is to continue to grow in an environmentally sustainable manner that gives good quality of life to our residents and to our visitors. In time to come, Ceduna Waters no doubt will present itself in such a manner, with landscapes associated with residential development and an improved streetscape and complementary open space areas. It is a substantial development and the creation of a Ceduna Waters Residents Association is a demonstration that its residents have a vision for where they live and are willing to contribute to that vision in the same positive manner that the Denial Bay and Smoky Bay Progress Associations do. This natural growth is important to ease the pressure of rate increases on existing property owners.

Council continues to pursue infrastructure grants and economic development opportunities because the reality is that existing ratepayers cannot, within their own resources, fund such development.

Mayor Suter works tirelessly for Council and all Elected Members are acutely aware of the challenges we face.

In conclusion, having talked about change, there is change that hasn't occurred, thank goodness! I can sincerely say that my five years spent in Ceduna in the 80's were the standout years in my Local Government career and were the best five years of my family life. Returning again I have found that you, the people of the Far West Coast, have accepted me in such a warm manner that it is as if nothing has changed, Thank you.

Finally I am acutely aware that Local Government, as the 3rd sphere of Government is also a 'taxing' body. Let's face it; none of us 'love' to pay tax! Ceduna District Council however is your Council. Whilst it needs your constructive criticism, it also needs your strong support.

Craig Wilson
Acting Chief Executive Officer

MAYORS MESSAGE – *Our new CEO.*

As per our recent press release we have appointed Geoffrey Moffatt as the Council's new Chief Executive Officer. Geoff is currently the Deputy CEO of the Wattle Range Council, based in Millicent, and he brings both private and public sector managerial and technical skills to his new position.

This appointment fills the position after our previous CEO Trevor Smart resigned from the position in June to take on the role as CEO for The District Council of Grant. Geoff has had a Local Government career spanning 10 years with the Wattle Range Council.

His previous work history includes the position of Corporate Services Manager with the Royal Flying Doctor Service of Australia, which included operations in New South Wales, Victoria and Tasmania. Geoffrey has also served as Community Manager of Flinders Power at Leigh Creek.

He advised that after being Deputy CEO of a reasonably large Council for nearly ten years, he looked for some change and found it with us. He confirmed that he was interested when the Ceduna position came up, as the town fit the mould of where he wanted to move to.

Geoff also said that the country setting on the coast

and the well organized council attracted his wife Cynthia and him to Ceduna. They are looking forward to making the move to Ceduna and getting to know the council staff and the community.

His spare time leisure activities include fishing, power boating and gardening. Geoff hopes to put his experience to good use in his new position. He has had a pretty broad range of experience in and out of Local Government and believes that it is what you can provide to the community that counts most.

Geoff has observed that there are many big projects that he would like to try to help to bring to fruition. He looks forward to starting to make a difference over the next few years.

Geoff will commence duties on November 12th. Knowing the local community I am sure that he and Cynthia will be made most welcome in Ceduna.

WESTART 'Eyrescapes' Exhibition & Art Prize 2012

On Thursday, September 27, a display of some of the Eyre Peninsula's finest art was exhibited at the Ceduna Memorial Hall. Acting Ceduna Council CEO Craig Wilson officially opened the exhibition and voiced his experience with art in Alice Springs. 40 entries were put in for the exhibition this year, which gave the judges & public a challenge to select a winner.

Three judges selected winners for Best Entry, Best Under 21 Entry and Best Photography Entry.

First prize of \$1000 sponsored by District Council of Ceduna was won by Simon Smith's entry, 'Razors'.

Second prize of \$700, sponsored by Ceduna Foreshore Hotel Motel went to Jo Lennon, for her entry 'Waru Bulga' (Big Fire).

First Prize, Under 21 entry 'Jibbly Jellyfish' was won by Angel Caddy, she received \$300 sponsored by Ceduna Foreshore Hotel Motel.

Under 21 entry, second prize of \$150, sponsored by MDK Taxation went to Ben Duregon, for his 'Bruce'.

Carol Suter received first prize of \$250, sponsored by Ken McCarthy Chemist, for her entry 'Wild West Coast Weather' in the inaugural Photography category, Liz Davis received second prize of \$100, sponsored by Far West Camera Club, for her entry 'Shags on a Rock'.

Michael Ross, Craig Wilson, Marls Shipard & Mayor Alan Suter

Carol Suter & sponsor Ken McCarthy with her winning photo 'Wild West Coast Weather.'

Damage to CBD Pavers

It has come to our attention that several areas of pavers in the CBD are being damaged by various individuals and companies driving on the footpaths in these areas. Continuous damage to the pavers requires replacement of those damaged, which of course costs time and money in materials and labour.

If you witness vehicles (cars, forklifts etc.) parked or driving on the footpaths in the CBD please contact the Council Administration Office on 8625 3407

as soon as possible, with as much information as possible about the location and type of vehicle, so that we can take appropriate action to prevent this happening.

Considerable funding has been spent on the various stages of the CBD upgrade and Council are sure the community would agree the outcome is something we can all be proud of. We are seeking your help to ensure the CBD remains in tip top shape.

Who to and how do I report faulty street lights?

Council often receive reports of faulty street lights that are actually ETSA's responsibility, not Council's. While Council are happy to further the report to ETSA, and always do so, residents may not be aware that there can be monetary rewards from ETSA for reporting them yourself.

The ETSA website at www.etsautilities.com.au provides a link on the front page and then guides you through the process of reporting faulty street lights. What can you expect when you log on?

Online street light fault reporting combines ETSA Utilities street light data with Google maps to provide you with an easy way to notify ETSA Utilities when and where a street light is in need of repair.

You can search for the street light in a number of ways including:

- by street (eg 1 Anzac Highway, Keswick),
- by intersection (eg CNR of South Rd and Grand Junction Rd),
- by landmark/point of interest (eg Art Gallery of SA), or

Zooming in on the map will display available lights to be reported as green circles and reported lights as red diamonds. Click on a green circle to report it and complete your details in the online reporting form. You can also elect to receive a text message when the job has been attended by ticking the 'send me an SMS on job completion' box.

ETSA Utilities aims to repair street lights which have gone out and for which we are responsible within ten

(10) business days in the Ceduna area, this is from the date on which the fault comes to their attention.

If you are the first person to report the faulty street light, ETSA will endeavour to repair the streetlight within 10 working days. If ETSA is unable to repair a light in this time ETSA will pay you \$25* (including GST) for each period (eg. 10 days) in which the light is not repaired.

While you may make any number of faulty street light reports on any day in respect of street lights for which ETSA are responsible:

- a report made on a Saturday, Sunday, or public holiday will be deemed to occur on the next business day; and
- ETSA's liability to pay you \$25 for each period in which a faulty street light is not repaired, relates only to the first 40 faulty street lights you make on that day (including deemed reports).

Should the faulty street light you report not be the responsibility of ETSA Utilities, they will pass on the information to the relevant party who is responsible for the repair, however in these circumstances no payment is applicable.

ETSA do provide the following disclaimer on what lights will be eligible for payment - "Payment is applicable for lights owned by ETSA Utilities only. Payments will not be made for the following: vandalised street lights, street lights that are on during the day, flickering street lights, street lights that cannot be located due to insufficient information or street lights found to be working when we attend."

Dog Pound Upgrade

Refurbishment of the outside pens at the Council owned Dog Pound in Ceduna has occurred. The original pens build over 15 years ago consisted of dirt floors, chain mesh fence and roof, which did meet the needs of the day when built, however their structural integrity had began failing.

With the assistance of The Dog and Cat Management Board of South Australia through a Community Grant, Carey Training, Eyre Futures – Ceduna and the Ceduna Aboriginal Corporation, Council was able to offer the upgrading project as a learning outcome for the youth of Ceduna.

This project which lasted 4 weeks transformed the old pens into sound undercover pens with a concrete floor and pathways. This will now meet our needs for many years to come.

Six participants not only gained a certificate 2 in Civil Construction, but valuable experience in the methods of concreting and general construction.

Council acknowledges; The Dog and Cat Management Board of South Australia for their monetary contribution and allowing this project to be teaching

medium for our youth, to Allan Sharpe from Carey Training who supervised the youth during their studies and to the staff and management of Eyre Futures – Ceduna and the Ceduna Aboriginal Corporation for nominating participants for the project.

The Photos below show the new outside pens at the dog pound and of the participants who helped bring this project to fruition.

The names of those participants who successfully completed their Certificate II in Civil Construction with Carey Training (dog pound project) are as follows:

(These six also gained 'work-zone traffic management' and 'OH&S construction induction (white card)' certification as part of their studies).

Daniel Graham Matty Smith
Brandon Miller Leroy Lawrie
Brandon Willis Emmanuel Wilson

Andrew Betts completed a Certificate I and gained his construction industry white card.

Ricky Lennon gained his construction industry white card.

BUSHFIRE READY STARTS NOW

SEPT	BUSHFIRE PREVENTION STARTS NOW Prepare Breaks – start mowing program early, spray difficult to mow breaks, trim trees and shrubs and place in piles ready for disposal'	
OCT	COUNCIL INSPECTION OF RESIDENTIAL PROPERTIES Hazard reduction notices will be sent to land owners who fail to comply. REVIEW YOUR BUSHFIRE ACTION PLAN

RATE PAYMENTS

Payment of Rates must be received by Council on or before the instalment due date.

Please be aware if you are paying your rates using internet or EFT it may take up to two working days for the funds to clear.

If you wait until the last day to make your payment using either of these methods and Council does not receive the money by the due date additional charges will be added.

Rate payers wishing to make alternative payment arrangements must contact Council prior to the due date. Approval of any such arrangement will be at the discretion of Council.

Australia Day Awards – Call For Nominations

Awards will be presented by Council in 2013 and nominations are now invited for any person, whether resident or a former resident of the Council area who has made a significant contribution to the local community in any field.

Nominations will be considered in the following categories:

Australia Day Citizen Award

To be eligible, the person must be an Australian Citizen.

Australia Day Young Citizen Award

To be eligible, the person must be an Australian Citizen under 30 years of age on 26 January 2013.

Community Event of the Year Award

Presented to the person/group who has staged the most outstanding community event during the year.

Nomination forms are available from the Council Office, 44 O'Loughlin Tce, Ceduna (Phone 08 8625 3407) or can be downloaded from the Council website www.ceduna.net nominations will be received until 5pm on Friday 16th November 2012.

Your participation will ensure that these Awards will be a success in 2013.

SHOW THE FLAG ON AUSTRALIA DAY

Dog Registrations

Dog registrations will be due on 1st July.

- All dogs over 3 months old must be registered.
- Fines apply for unregistered dogs.
- Only 2 dogs or cats per premises unless approved by Council.

Council's new Dog and Cat Management Plan is available on their web site: www.ceduna.com.au

Council Staff Update

SANTO CARETTI (TOSCA) has joined Council's Maintenance team. Santo aims "to achieve a good, stable working environment and looks forward to the challenges that are put forward and hopes to progress further in the near future."

TINA BOWDEN has joined Council as a Parks & Gardens worker. Tina aims to "get satisfaction watching the gardens grow and keeping the town clean and tidy" Tina has chosen to work for DCC because she loves working in the outdoors and is looking forward to contributing to the work the Council are doing around the town.

SONYA SLEEP has joined Council as casual Administration Officer. Sonya joined DCC as "an opportunity to be part of the local government and contribute to her community." Sonya aims to "take on all tasks required of her to the best of her ability while working with the wonderful staff within the council."

MATHEW WILKINSON has joined Council as the Recreation & Events Officer. Mathew chose to work for Council because "it is an opportunity to expand my career & do a job I enjoy." Mathew aims to "fulfil projects that can make a difference in the community."

JOSEPH WILLIAMS has joined Council as an apprentice Diesel Mechanic. Joseph aims to "complete all 4 trade years and become a leader." He has chosen to work for DCC because he enjoys working in the local community.

TAYLA COLLINS

In June 2012, I did work experience at the District Council of Ceduna. I have spent a week with Bianca Mitchell the Youth Development Officer, with helping plan the upcoming Youth Forum, and also helping with the Oysterfest October long weekend. Whilst working here at the council I have learnt that a lot of work and effort goes into events such as Oysterfest. I enjoyed my week at the council, it was a great learning experience for me. I expected it to be a lot more paper work and phone calls, but Bianca constantly had me doing all different types of jobs. I also really enjoyed the morning tea and hot chocolates.

Thanks to everyone at the council for making me feel very welcome, and to Bianca especially.

Human Resources Update

The past quarter has been a busy time for Council staff with the end of financial year and the Oysterfest preparation. We bid a sad farewell to our CEO, Trevor Smart, in June and have been lucky enough to have Craig Wilson as our Acting CEO until our new CEO, Geoffrey Moffatt, arrives in November. We also welcomed new staff to the office in Community Development and Administration, as well as adding to our already strong Operations Crews in Parks and Gardens, Maintenance and at the Workshop.

Council is focussed on developing our staff with training to ensure we provide qualified service to our

community. Congratulations to the following people for their hard work in completing their studies:

- Development Officer, Theo Theodosiou, completing his Associate Degree of Building Surveying.
- Manager Community Development, Kate Meier, completing her Diploma of Management.
- Administration Officer, Chloe Carr, completing her Certificate 3 in Business.

'Coming together is a beginning, keeping together is progress, working together is success' – Henry Ford

The District Council of Ceduna Administration Office will be closed during the Christmas period.

There will be staff available to deal with emergencies for the following services:

Dog Control
Bob Irvine – Ph: 0427 226 016

Water
Kym Marks (Supervisor Water Services) – Ph: 0407 477 041

Airport
Heidi Yates (Airport Manager) – Ph: 0417 713 574

Refuse
Andy Johns – Ph: 0427 252 334

Closure details will be advised via the West Coast Sentinel and Council's website prior to xmas closure.

Where is the dump and when is it open?

The refuse tip is located on OTC Road, take your next right after the Council Depot on Goode Road.

Opening Times:

- Monday, Wednesday, Thursday & Friday 9am - 5pm
- Tuesday Closed
- Tuesday after a public holiday or and Monday site closure 9am-12.30pm
- Saturday 9am - 12.30pm
- Sunday 1pm - 5pm
- Closed Public Holidays
- Closed between 12 - 12.30pm weekdays

During extreme conditions the refuse tip may be closed.

Airport Update

A major review of Councils Master Plan for the Ceduna Airport has been completed with the final draft being presented to Council's October meeting. Following this the draft plan will be widely circulated for public consultation.

The plan has been extensively updated including noise modelling, future commercial development identified and environmental protections included.

Earlier this year the airport became home to a large numbers of ducks, obviously causing quite some concern as their flocking behaviour is a very real and serious risk to aircraft. It was determined that the duck were feeding on the multitude of white snails which

occur each year at the airport. A controlled burn was undertaken on two occasions by the Ceduna CFS clearing either side of the runways of vegetation and snails. This proved to be extremely effective and after the first burn the ducks vacated the airport and have not returned. A huge thank you to the Ceduna brigade who gave their time to undertake the burn.

A test section of a product to correct surface settlement on the main runway was completed last November. This area is wearing extremely well and further sections of the runway will be given the same treatment this financial year.

The airport terminal has been made just a little more comfortable with the inclusion of a large screen TV donated by Ceduna Rent-A-Car and the Council installed coffee machine.

Operation Crew News

- Vandalism of wine barrels CBD
- Installation of new flying fox at Smoky Bay (old removed and replaced with new)
- Parts removed from Smoky Playground sand blasted/ repainted and re-installed
- Installation of new replacement parts for Foreshore playground opposite caravan park - Tarzan vine & Tree house climber (replaced fire mans pole & spiral climber)
- Smoky Bay Caravan Park Garden Bed planted up with new plants
- Thevenard Garden Bed planting completed – in the process of re-mulching
- Township maintenance prior to Oysterfest (this started 6 weeks prior to Oysterfest)
- including mowing, brush cutting, garden bed maintenance etc
- New bollards installed on foreshore (Maintenance Gang)
- Permanent tent footings installed on foreshore for tents (Maintenance Gang & Water Services)
- Weed spraying of footpaths completed in Ceduna, Thevenard, Denial Bay, Smoky Bay
- No Go Zone register – if people would like to look after their own footpaths as opposed to having them sprayed they can come into office and put their name down on the No Go Zone Register.
- There will need to be requirements met and they will have to look after their footpath otherwise we will spray it. Footpath will need to be neat and tidy and free of weeds.

New Airport Mural

Just before Oystefest celebrations, the STRIDE Foundation were in Ceduna delivering a community project. The project was to create a new mural at Ceduna Airport.

The project was done in collaboration with Ceduna District Council, Ceduna Aboriginal Arts & Culture Centre and the Ceduna Youth Hub.

Ariana Sutton was the Stride Foundation Program Manager, some of the artistic talent who contributed to the mural included Beaver Lennon, Chante Bilney, Tallulah Bilney, Sonearae Bilney and Jo Lennon as well as Adelaide graffiti artist Narisha Cash.

Stride Foundation aimed to design and paint the Airport mural to celebrate the features of Ceduna and get the youth to connect with local artists.

Is Your Swimming Pool Kid Safe?

WHAT YOU NEED TO KNOW ABOUT SWIMMING POOL FENCING

POOL SAFETY CHECKLIST

Ask yourself these questions to assess the safety of your pool.

- Could a young child easily climb over, under or through your fence to get to the pool?
Minimum standards for new pools require (generally) a 1.2m high permanent fence (or 1.8m in the case of a boundary fence), which a young child could not easily climb over or pass through from outside the pool enclosure.
- Do all of the gates in your pool safety barrier close and latch properly, so that they could not easily be opened by a small child?
Gates must be self-closing and self-latching. The release for the latching device must be at least 1.5m above ground level or otherwise out of reach. Gates must be hung so that they open outwards from the pool area.
- Is the pool clear of toys and other floating objects that could attract a child's attention?
Balls and other floating toys can attract children to the water. Keep them out of the pool area when not in use.
- Could a child get access to a swimming pool through a window in your house?
The current requirement for new pools is broadly that, where the openable part of the

window is less than 1.2m from the floor, then a child could get access to the pool area through the window and as such the window must be protected to AS 1926.1

- Do you keep an eye out for objects that could be used for climbing over a pool safety barrier?
Objects like garden furniture, children's toys, plants and ladders could be used by young children to climb over a safety barrier to get to the swimming pool. Keep these objects well away from the safety barriers.
- Do you supervise young children while they are in or outside the pool area?
Safety barriers alone are not enough to prevent young children getting to a swimming pool. Young children are adventurous; they may climb, squeeze through or scale safety barriers to get to a swimming pool. Adequate supervision is essential.
- Do you have resuscitation skills?
Total responsibility includes resuscitation skills. Training for resuscitation is available from The Royal Life Saving Society, Australian Red Cross and St John Ambulance.
